Re: ESSER Funds For Duct Cleaning

To: WI Areas Schools

Many school districts (both public, private, and charter) are having us clean ductwork, AHU coils, etc. using ESSER funds.

Some school districts are surprised to know that ESSER funds can be used for duct cleaning, cleaning of AHU coils, etc. There are several documents associated with ESSER funds and those can be found readily on the internet including this link:

https://oese.ed.gov/files/2021/05/ESSER.GEER_FAQs_5.26.21_745AM_FINALb0cd6833f6f46e03ba2d97d30aff953260028045f9ef3b18ea602db4b32b1d99.pdf

This document is a "quick reference" to certain areas of the above document link that discuss using the funds for duct cleaning.

A-3. How may an LEA (Local Education Agency) use ESSER (Elementary and Secondary School Emergency Relief) funds?

An LEA may use ESSER funds for the broad range of activities listed in section 18003(d) of the CARES Act, section 313(d) of the CRRSA Act, and section 2001(e) of the ARP Act. Although the lists of allowable uses of funds are not identical, any of the ESSER funds (ESSER I, ESSER II, or ARP ESSER) may be used to support all of the allowable uses of funds listed in any of the ESSER programs. We have consolidated below the three ESSER programs' lists of allowable uses of funds.

The activities that are listed in section 18003(d) of the CARES Act, section 313(d) of the CRRSA Act, and section 2001(e) of the ARP Act that an LEA may support with ESSER funds are:

-
- 17. School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
 - 18. Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

B-7. May ESSER and GEER funds be used for renovation, including for such projects as making improvements to a school facility to improve indoor air quality (such as heating, ventilation, and air conditioning (HVAC) systems), and projects that would promote social distancing and safe in-person instruction?

Yes. ESSER and GEER funds may be used to make necessary improvements, for example to improve air quality and support social distancing, so that teachers and students may safely return to and continue in-person instruction. As is the case with all activities charged to ESSER or GEER, costs must be reasonable and necessary to meet the overall purpose of the program, which is “to prevent, prepare for, and respond to” COVID-19. (See [2 CFR §§ 200.403-200.404](#).) Therefore, renovation or remodeling activities that are necessary for an LEA to prevent, prepare for, and respond to COVID-19 would be permissible. This might include renovations that would permit an LEA to clean effectively (e.g., replacing old carpet with tile that could be cleaned more easily) or create a learning environment that could better sustain social distancing (e.g., bringing an unused wing of a school into compliance with fire and safety codes in order to reopen it to create more space for students to maintain appropriate social distancing). This might also include, for example, as noted in section 2001(e)(2)(O)-(P) of the ARP Act:

- School facility repairs and improvements to enable schools to reduce the risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

E-2. What is the timeline for a Governor, SEA, or LEA to obligate funds under ESSER II and GEER II?

A Governor, SEA, or LEA, as applicable, has until September 30, 2023, to obligate the ESSER II and GEER II funds it receives. This includes the 12-month Amendment period. (Note that the timeline for obligating funds is distinct from the timeline for a State to award funds within one year of receipt or return them to the Department for reallocation (sections 312(f) and 313(g) of the CRRSA Act).) For additional information on awarding and obligating funds, please see Question 10 in the ESSER FAQs available at: <https://oese.ed.gov/files/2020/05/ESSER-Fund-Frequently-Asked-Questions.pdf> and Question A-19 in the GEER FAQs available at: <https://oese.ed.gov/files/2020/10/FAQs-GEER-Fund.pdf>. Although funds must be obligated by September 30, 2023, grant activities carried out through a valid obligation of funds may continue beyond that date. Under 2 CFR § 200.344(a), ESSER funds must be liquidated within 120 calendar days after the end of the performance period.

Maintenance of Effort (MOE)	Under the CARES Act, a State that receives ESSER funds must maintain support for elementary and secondary education and State support for higher education in each of fiscal years (FY) 2020 and 2021 at least at the level of such support that is the average of the support for elementary and secondary education and higher education provided in the three fiscal years preceding the date of enactment of the CARES Act (FYs 2017, 2018, 2019).	Under the CRRSA Act, a State that receives ESSER II funds must maintain support for elementary and secondary education and higher education in FY 2022 based on the proportional share of the State’s support for elementary and secondary education and higher education relative to the State’s overall spending averaged over FYs 2017, 2018, and 2019.
